# LIVING THE FUTURE NOW

## SECURITY

Absolutely no worries. The security armored rollaway grating is the evolution of a system that will not induce unwanted situations and will constantly improve the quality of life.

## COMFORT

With a simple click the gratings become invisible, thanks to keyboard systems, remote control or domotic systems, without being slave to one's own security.

## DESIGN

Modern, discreet, elegant, characterised by minimal and essential lines accompanied by surfaces inspired by the simplest geometrical shapes not invading the living spaces.

SICURBLIND IS A PROTECTION VERTICAL ROLLAWAY GRATING, MEETING ALL SECURITY, COMFORT AND DESIGN NEEDS. MADE OF A BUILT-IN UNIT AND A MOTORIZED CLOTH GRATING.

BUILT-IN UNIT

It is made of a container and two side pillars harboring the grating track, the shade track or a dimming cloth and an insect screen compartment.

GRATING CLOTH

It is made of oval or round, steel pipes and a double web security lock.

THERMO-CONTAINER

It is covered with insulating material made of fibrocement and polystyrene, certified for heat and acoustics. Fiscal deduction of 55%.

**4 DIFFERENT  
EQUIPMENT SOLUTIONS**
